

JOINT CONFERENCE COMMITTEE PROCEDURES 2021 GENERAL SESSION

Due to the nature of this year's session two rooms will be designated for Joint Conference Committees to occur in.

JCCs for House Bills will occur in Public Meeting Room W113 and JCCs for Senate Files will occur in Public Meeting Room W110. Some JCCs involving members of the Appropriations Committee may occur in W301. Additional rooms will be made available when necessary.

JCCs will be conducted using Zoom meetings and not Webinar, so a testify link will not be posted on the Legislature's Website. Most, if not all JCCs will be streamed live on YouTube for the public to view.

Per Joint Rule 2-2 (c): When practical, after the Conference Chairman has set a date, time and place for a conference committee meeting, the Chairman shall report to the Chief Clerk from the house of the bill's origin. The Chief Clerk shall request the Legislative Service Office to post notice of the meeting on the Legislative website. Failure to comply with this subsection shall not invalidate or constitute cause for objection to the report of the conference committee.
